A Collocation Method for the Solution of the First
Boundary Value Problem of Elasticity
in a Polygonal Domain in $\mathbb{R}^2$
By Johannes Elschner and Olaf Hansen............ 141

Electromagnetic Scattering from an
Orthotropic Medium
By Roland Potthast ......................... 197

Boundary Integral Equations for the Biharmonic
Dirichlet Problem on Nonsmooth Domains
By Gunther Schmidt and Boris N. Khoromskij ..... 217

Two-Grid Methods for the Solution of Nonlinear
Weakly Singular Integral Equations by
Piecewise Polynomial Collocation
By Enn Tamme ................................. 255
